WASHINGTON, D. C., October 1-1 a.m. Tennessee and the Ohio valley. clear or partly cloudy weather, variable winds, mostly southerly, nearly stationary temperature and barometer.

LOCAL PARAGRAPHS.

-Monthly bill collectors are on the warpath to-day. -Yellow Jack will have to retire during the present month.

-There is quite a large demand for cottonpickers in the country. -Thank goodness the dread month of September has passed and gone. —A meeting of the medical society will be held at Dr. Jones's office this evening. -Chief-of-Police Athy placed regular policemen on patrol duty throughout the city

-The river improvement convention will be held at Quincy, Illinois, on the fifteenth

-A letter from St. Louis says that, so far as known, only two firms have determined to remain permanently at St. Louis. -Only two donations was received by the committee of safety yesterday: J. E. Thomas, Prospect, Tenn., \$5; W. Nash and others, Stanton, Tenn., \$50 25.

-When will the quarantine be raised? is the question heard everywhere. Refugees want to return to Memphis and planters want to send in their cotton.

-The Howards sent out fifteen nurses yesterday. Their visitors last evening reported one new case among the whites, J. W. Blanton, eight years, Raleigh road. -Dr. R. B. Maury, of Memphis, and member of the State board of health, has rented an office at St. Louis, and has deter-

mined not to return to Memphis. -Yesterday a detachment of the colored troops, under Lieutenant Dow, went down the Mississippi and Tennessee road to guard Nonconnah bridge for the present. -President Porter of the Taxing-District will pay off the police, firemen and other city employes to-day for the month of Septem-

ber. About seventy-five hundred dollars will -The Porter Reserves were out drilling yesterday atternoon. The company receives daily numerous applications for membership.

To belong to the Reserves is an honor to be -The whistle of the refugee locomotives can again be heard in the Taxing-District. The sound comes from near the river in the

promised land of Arkansas, where no Memphian is permitted to land or rest. -The M'Clellan Guards and the Zouave Guards, the two colored [military companies encamped on the bluff, were paid off by the committee of safety yesterday, and probably will break up camp to-day, their services as patrolmen on the streets having been dis-

pensed with by the authorities. -The Leumas letter, which appeared in this paper a few days ago, has been extensively commented on, generally in very favorable terms. Its authorship having been attributed to Mr. Samuel P. Read, we hear state that he did not write it, and does not want the glory he has not earned.

-Between four and five o'clock yesterday morning a fire broke out in the Kunkel resi- taxes light, and the task easier to improve dence, near the corner of Linden and Wel- the city. lington streets, and destroyed the building and a quantity of furniture contained therein. The fire is believed to have been the work of an incendiary. It is not known that the property was insured.

-The National board of health will have a sanitary survey made of Memphis when the epidemic ceases. Drs. Billings and Fol-first page, giving particulars. som and Sanitary-Engineer Geo. E. Waring will, immediately after the meeting of the public health association at Nashville—which will begin on the seventh of November come to Memphis; provided it shall be safe

to do so at that time. -Some three weeks since two Sisters of Charity arrived here from St. Louis. They came to nurse the sick, and soon commenced their good work at the city hospital. Yes-terday one of them, Sister Agnes, was stricken with yellow-fever, and was reported so by Dr. Laurence. She never has had the fever before, and was unacclimated. She has quite a severe case, but it is believed she

-We are informed that the National board | shal, a State witness in the trial. Quisenbury is willing to pay for articles which, after be- repeatedly threatened Rogers's life.

ing injected by fever patients, are sent to the cremating furnace at the river for destruction. While this is not specially provided for by the law creating the board, its members take the ground that it is cheaper in the end to pay for such articles than to allow them to be retained in a condition that is likely to create force at some future time. Only reasonable fever at some future time. Only reasonable rates will be allowed for such articles.

-Last Sunday the Porter Reserves escorted a dead comrade to Elmwood cemetery, Sergeant Alfred B. Watkins, who died of yellow-fever at the residence of his cousin, Miss Virginia B. Moon, 481 Shelby street. The deceased was a native of Virginia, a graduate of the Kentucky Military academy, and a medical student under Dr. Tucker, of this county. Believing, that having made medicine his profession, he lought to remain here during the yellow-fever epidemic, he did here during the yellow-fever epidemic, he strugso, and his young life went out in the strug-gle with the terrible plague. His last words echoed his last thoughts, which were of the Porter Reserves. "Right about, march," murmured the dying youth, and ere long his spirit fled from earth to heaven. His com-rades acted as mall-bearers, and at the grave Rev. Dr. Harris, chaplain, of the Bloff City Rev. Dr. Har s, chaplain of the Bluff City Grays, read the impressive funeral service of the Episcopal churches. The grave was covered with flowers, mementoes of love and friendship, presented by relatives and friends. and all was over.

cars to move them promptly.'

EDITORS APPEAL-It is very laudable to se such a goodly number of men assembling for the purpose of making sacrifices for the public good, and especially you Memphians, resolving to make your city such a healthy place that it can be inhabited all the year round, to free it from epidemic diseases, if human power can do so. The plan, however, you propose, is not only impracticable and unjust to the small property holder, but also unnecessary. Memphis at present needs no sewerage. Before we commence on that, we must pay our attention to total different ob jects. The air and atmosphere in Memphis was never purer and more invigorating than this season; from the middle of July until to-day we bad a single day that the weather was sultry or oppressive; the general health of those not attacked by the fever was excel-lent; druggists and doctors all complaining of dull business, and most of them left Mem phis on that account. The yellow-fever this season was the result of last year's epidemic, and lingered with us from that time on, and it may be expected to hold on yellow-fever germs, or whatever it is, were not be surpassed. cattered everywhere, and in July it brought forth pestilence. To build sewers now is impracticable, unless the hundred rich people who are mostly assembled here will donate each five thousand dollars. And this is no back in profits, increase of rent, enhancement of your property. You save that amount in your temporary removals to St. Louis, and those who are willing to be temporary, and the supplier of the supplier of the supplier of the supplier. Pearce, suggs a co. those who are willing to be taxed ten per cent. will have to pay even more. The small property-owner cannot pay the present taxes, still less a tax of ten per cent, which is a ridiculous proposition, like promises made by people on their sick bed. The small propcty owners have only one desire, and that is to sell their property and emigrate, because they say Memphis rich people have no public spirit; they have no courage to do anything property-owner at the mercy of the northern and eastern and western people. Yes,

or Memphis, and when a calamity befalls hem they run like sheep, and leave the small even the servants which are left behind, many have to be fed by the rich and poor people of the country at large. Let us look the stern facts in the face. The whole south was either unable or unpatriotic to save one little city the disgrace of going to the north to beg. We need no sewers yet, and, if we need them, we are too ten cents. poor to build them. We need public-spirited merchants and rich property-owners to make this city what it ought to be. When you come home, take some more help to assist you in your cotton and other business, even if your profits will be lessened thereby a little, and take time to organize yourselves into various corporations, and thereby save the city and yourselves. We want a corporation for the management of a charity bopital. We want a corporation for a Memphis orphan asylum, a corporation for sanitary purposes, a corporation for the improvement of Memboulevards and parks. We want a Howard association, we want a general re-lief association. Memphis being a commer-cial and not a manufacturing city, Memphis being a cotton mart and a distributing point for all articles of commerce, it naturally folows that her merchants and mercantile institutions must make this city, or it will in ime dwindle down to a mere village, and this would not be surprising in the history of mmercial marts. The sanitary condition

would save a great deal of expenses, make SPARTA. Mountain Spring High School. This excellent school, at which a number Memphis boys have graduated with satisaction to their parents, is located at Trinity, Alabama, and receives pupils at any time during the session. A card appears on our

Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, and all malarial disorders. In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premonitions of severer symptoms which premonitions of severer symptoms which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenie, and other poisonous minerals form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. Ayen's Ague Cure thoroughly eradicates these noxious poisons from the eradicates these noxious poisons from the system, and always cures the severest cases It centains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system free from disease as before the attack.

For Liver Complaints, AYER'S AGUI CURE, by direct action on the liver and bil-iary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition. We warrant it when taken according to

NEW YORK, August 1, 1879. it better for both our customers and ounselves or TEMPORARILY close our Memphis house, and solicit your orders for Dry Goods, Notions, Clothing, Men's Furnishings, etc., from our office in New York. The advantages which this city can furnish in transportation facilities, in case Louisville, Cincinnati and St. Louis should also become (not improbable) isolated by rigid quarantines, induces us to adopt this policy, in order to furnish our friends with a more reliable assurance for obtaining their supplies. We will endeavor to faithfully fill any orders with which you may intrust us. Please address, with specific snipping directions, Wm. R. Moore & Co.

P. O. Box 2603, 45 Worth St., New York. BEF Remittances may be made by sight-draft, postal-order, or currency by express. We will open BIG FRESH STOCK in Memphis after frost. STOCKHOLDERS' NOTICE. OUISVILLE AND NASHVILLE R. R. CO.,
OFFICE OF GEN'L SUP'T OF TRANSPORTATION,
LOUISVILLE, KY., September 16, 1879.

Stockholders of the Louisville and Nashville
Railroad Company who desire to attend the annual
meeting in Louisville the first of October, will be
passed over the road to Louisville on the 29th and
30th of September, returning until the 5th of October inclusive, upon the presentation to conductors of
certificates of stock registered in their names on the
books of the company.

By order of the President.
D. W. C. ROWLAND.
Gen'l Sup't of Transportation.

LNATURAL MINERAL WATER

Extract from Letter of the U.S. Treasury Department: "In conformity with your request the Secretary of State was asked to cause a thorough inquiry to be made into the matter by our Cossul at Cologne, who concludes his report as follows: "I therefore state that it is my opinion, formed after what I consider a carriel and painstaking investigation, that the apollinaris Water, bottled at the Apollinaris Springs, as exported to the United States, is beyond question a Natural Mineral Water. The evidence which accompanies the Consul's dispatch abundantly sustains his conclusion that the Apollinaris Water, as imported, is a Natural Mineral Water."

This evidence was given after thorough examination by such eminent scientists of the Old World as PROFENSOR A. W. HOPHANN, F.R.S., of the University of Berlin, Member of the Scientific Department of the Kingdom of Prussia, Vice-President of the Chemical Society of Germany, etc., etc.

PROFENSOR W. OLDING, Professor of Chemistry at the University of Oxford, Chemical Judge at the Centennial Exhibition, Philadelphia, etc., etc.

A spurious article, purporting to be the genuine Apollinaris Water, being offered to the public, we warn all buyers to be sure that each and every bottle bears the Veillow Lab-1.

FRED. DE BARY & CO., New York, Sole Agents for United States and Canada.

CKBE

MADE FROM THE BERRY IN COMBINATION WITH THE EXTRACT

OF BLACKBERRY ROOT. It is almost needless to say that this preparation, for an effectual and certain cure for Dysentery, Acute and Chronic Diarrhea, Flux, and all kindred diseases, far excels any other known remedy. It not only cures the disease, but strengthens the intestinal organs and invigorates the entire system. We do not claim it to cure every thing, but we guarantee the contract of the contract of the cure every thing, but we guarantee the contract of the cure every thing, but we guarantee the cure every thing the cure every eve antee it to cure the diseases we name above. For children it has no equal, being both mild and safe in its effects; and for females it is the best strengthener and appetizer known.

318 N. COMMERCIAL STREET, COR. LOCUST. ST. LOUIS, Mo., July 22, 1879 We have opened a house for the transaction of business in this ity, at 318 North Commercial street, corner of Locust, at which lace our correspondents will please address us.
